## Alexander Troller appointed to the Board of Trustees of the Swiss Sports Tribunal Foundation

LALIVE partner Alexander Troller has been appointed to the initial board of trustees of the new Swiss Sports Tribunal Foundation, an independent sports court to judge doping cases and ethics violations in Swiss sport. The Executive Board of Swiss Olympic has elected this initial foundation board to set up an organisational structure so the new court can be fully operational on 1 July 2024. The new entity was created to fulfil increasing demands for independence and to answer the rise in the number of cases as the new ethics statutes of Swiss Sport Integrity 2022 are implemented.
