If any deductions or withholdings are required by law to be made from any fees payable to us by you under the terms contained in this 'Information' section you shall pay such sum as will, after the deduction or withholding has been made, leave us with the same amount as we would have been entitled to receive in the absence of any such requirement to make a deduction or withholding.

The International Bar Association (IBA), established in 1947, is the world's leading organisation of international legal practitioners, bar associations and law societies. The IBA influences the development of international law reform and shapes the future of the legal profession throughout the world. It has a membership of more than 55,000 individual legal professionals and 206 bar associations and law societies spanning all continents and has considerable expertise in providing assistance to the global legal community.

Grouped into two divisions – the Legal Practice Division and the Public and Professional Interest Division – the IBA covers all practice areas and professional interests, providing members with access to leading experts and up-to-date information. Through the various committees of the divisions, the IBA enables an interchange of information and views among its members as to laws, practices and professional responsibilities relating to the practice of law around the globe. Additionally, the IBA's world-class conferences provide unrivalled professional development and network-building opportunities for international legal practitioners, senior business professionals, regulators and government officials

IBA European Regional Forum overview

The European Regional Forum was established in 1989 to provide a focus originally on the work undertaken by the IBA in developing the practice under changing legal systems of lawyers in Eastern and Central Europe. The forum was also intended to act as a channel for IBA communication with the bar associations of these local lawyers.

Since 2004 the forum has been developing and strengthening the existence of the IBA within the whole of Europe by promoting the goals of the IBA to members, non-members and others, disseminating professional know-how, and assisting the committees and other constituencies of the IBA to increase their presence in the different sub-regions of Europe, including parts of North Africa and the Middle East.

The goals of the forum include addressing current and long-term needs of professional organisations and individual members within the geographical reach of the forum, as well as increasing membership and participation in the IBA and integrating them within the organisation. The forum will also facilitate cross-border activity between lawyers and bars in different European countries. The forum has a particular focus on cross-disciplinary activities.

The forum seeks to facilitate relevant networking and information/experience sharing opportunities and encompasses the social and collegial interests of both members and potential members with other regional fora, the Corporate Counsel Forum and the Young Lawyers Committee and all LPD committees in general.
