How does it all work? Blockchain, NFT, etc.

Speaker:

- **Philipp Büchel**, Blockchain Büro, Liechtenstein

Philipp Büchel has been actively working on blockchain technology since 2001, with a focus on Bitcoin in particular. Due to his engineering background, Philipp worked as a project manager in research and development for a large industrial company until 2017. Then, focused on sharing his passion for blockchain technology, Philipp founded the "Blockchain Büro," which serves as a local source of information regarding blockchain based topics. The office further provides lectures, consulting, project management, event coordination, and networking in the local blockchain scene.
